

A close-up, low-key photograph of a woman with long brown hair, smiling broadly and showing her teeth. She is wearing a black top and a black choker. Her hands, with dark nail polish and rings, are holding a clear glass cup with a straw. Another person's hand is visible in the foreground, also holding a similar cup. The background is dark and out of focus, suggesting an indoor social event.

HENS WITH A DOOLIN TWIST

HOTEL DOOLIN
WEDDINGS

From Prosecco picnics to
psychic readings, cocktail
shakers to pizza parties, bubbles,
bites, and boldness, all sorted.

Every bride deserves a send-off that's a little wild, a little classy, and a whole lot of craic. At Hotel Doolin, we've taken the hen do out of the clichés and given it a West Clare twist. Forget the dodgy nightclubs and plastic tiaras. Think cliff walks with Prosecco picnics, psychic readings that'll have you in stitches, cocktail shakers flying across the bar, and the kind of belly laughs you'll still be talking about in the wedding speeches.

Our all-inclusive packages keep things simple, no spreadsheets, no stress, just bubbles, bites, beds, and a bit of boldness all rolled into one. Whether your bride-to-be is a wild one, a classy one, or a bit of both, we've got a package with her name on it.

Pick your package, grab the girls, and let's get the party started.
